International Association for Distance Learning

To Whom It May Concern,

Letter of Confirmation and Validation

This letter confirms that **Central European Management Institute CEMI MBA Studies s.r.o., Prague, Czech Republic**, having satisfied the assessors and regulators and complied with the conditions of validation established by the International Association for Distance Learning, has been duly admitted to Accredited Membership of the Association from 1 October 2015 to 1 October 2018 with membership number **11257**.

IADL Accredited Membership is a system of review which periodically evaluates the extent to which an institution achieves its own objectives and meets the standards determined by IADL. Evaluation addresses operational and curricular issues fundamental to the delivery of quality education and training, via the medium of online, distance or open learning. Consideration is also given to in-house quality control systems. Members are assessed to ensure that learners receive a product which is consistent with the values and policies set by the IADL. Course-providers are required to undergo periodic re-assessment by IADL assessors and evaluators, and agree to adhere to our Code of Practice.

Accredited Members have satisfied IADL assessors, officers, and regulatory staff that their organisation, programmes, and quality assurance procedures comply with the operating standards required by the Association.

For further information or clarification, please do not hesitate to contact us.
